Technical Skills: NetSuite | Microsoft Dynamics GP | JDE | QuickBooks | AS400 | Razorpay | Advanced Excel (Pivot Tables, VLOOKUP, Macros, Financial Modeling) | Power BI | Tally | ClickUp | Jira | Notion AI | Zoho | Claude AI

WORK EXPERIENCE

Reconciliation & Revenue Accounting Lead (Freelance) | **Bitespeed — SaaS Platform, India** *Dec 2025 – Present*

- **Owned end-to-end payment reconciliation** for a SaaS platform — reconciling transactions across **Razorpay**, **UPI**, and payment gateways against bank statements, subledger-to-GL, AR, and **deferred revenue** schedules under **US GAAP**.
- **Managed cash application workflows** — applied incoming payments to customer invoices, investigated **transaction mismatches**, processed **refunds**, and resolved **settlement discrepancies** with payment partners.
- **Led and managed finance team**; delegated tasks, reviewed outputs, and ensured timely **month-end & quarter-end close** deliverables.
- **Designed reconciliation governance framework** with standardized templates ensuring **audit-readiness** and **transaction monitoring** across all payment account types.
- **Root cause analysis** on reconciliation breaks — identified systemic billing and **payment gateway** issues; implemented **process fixes** to prevent recurrence.
- **Recorded journal entries** for revenue, **deferred revenue**, and AR; ensured **ASC 606 compliance** for SaaS subscription contracts.
- Ensured **GST & TDS compliance**; performed **variance analysis** on collections vs. forecasts and presented **MIS reports** to leadership.

Head of Operations (Freelance) | **WeLiveProperty, UK**

Jun 2025 – Nov 2025

- **Oversaw financial operations** — bank reconciliations, vendor payment reconciliations, and **cash flow reporting** for UK real estate projects.
- **Implemented reconciliation controls** and **process improvement workflows**, enhancing operational efficiency and auditability.
- **Cross-functional collaboration** with legal, finance, and project teams for accurate **financial reporting** and compliance.

Reconciliation & AR Lead | **Toronto Greater Lakes Express, Canada**

Apr 2022 – May 2025

- **Led reconciliation operations** across a **CAD 60M AR portfolio** spanning 4 entities — bank, intercompany, **subledger-to-GL**, and AR aging for 250+ accounts weekly.
- **Managed & mentored reconciliation team**; ensured **100% on-time close** delivery for month-end and quarter-end cycles.
- **Designed reconciliation governance framework** — standardized templates, escalation protocols, and sign-off procedures across all entities.
- **Root cause analysis** on discrepancies and intercompany mismatches; reduced **outstanding reconciling items by 75%**.
- **SOX 302/404 compliance** — documented **ICFR narratives**, maintained **control matrices**, coordinated audit evidence packs.

- **Directed ERP migration (JDE to NetSuite)** — GL mapping, reconciliation module setup; trained **50+ end-users** achieving **100% adoption**.
- **Drove automation** via Excel macros and NetSuite templates, improving efficiency by **75%** and reducing manual effort.

Accounting Assistant | [York University, Canada](#)

Oct 2021 – Mar 2022

- **Bank reconciliations** and **subledger-to-GL reconciliations** in QuickBooks; reduced cycle time by **20%** through process streamlining.
- **Prepared journal entries**, reconciliation summaries, and **variance analysis** reports for monthly close review.
- **Internal audit preparation** — organized reconciliation evidence packs ensuring **US GAAP** compliance.

Financial Services Intern | [ADG Accounting, India](#)

Dec 2020 – May 2021

- **Client account reconciliations** and financial reporting under senior accountant supervision.
- **Financial models, projections, and variance analysis**; identified investment opportunity yielding **10% portfolio return** improvement.

EDUCATION

Bachelor of Commerce (Integrated ACCA) — Chitkara University, India | 2021 | GPA: 3.9

PGD in Financial Planning — Seneca College, Canada | 2022 | GPA: 3.4

TRAININGS & CERTIFICATIONS

- Pursuing CFA (Chartered Financial Analyst)
- ACCA Diploma in Accounting and Business (RQF Level 4)
- Ethics and Professional Skills Module — ACCA
- Alternative Investments — HBS Online
- Business Evaluation — CFI

KEY PROJECTS

Reconciliation Governance & Automation Initiative

- **Designed & rolled out company-wide reconciliation governance framework** across bank, intercompany, subledger-to-GL, and AR accounts for 4 entities.
- Standardized templates, escalation workflows, and sign-off matrices; reduced **unresolved reconciling items by 75%** within 6 months.
- **Excel automation tools** (macros, dynamic dashboards) to replace manual processes, cutting close cycle time significantly.

ERP Migration: JDE to NetSuite

- **Orchestrated end-to-end ERP migration** — GL chart of accounts mapping, reconciliation module configuration, subledger-to-GL balancing validation.
- Led cross-functional Finance, IT, and Operations teams; delivered within timeline and **10% under budget**.
- **Trained 50+ end-users** on NetSuite reconciliation workflows; achieved **100% adoption** and **25% productivity increase**.
